Hydro One needs to look at cost cutting measures and not increase distribution rates. They can start with their CEO's salary. Ottawa and Toronto do not have these distribution rates and we are paying much more due to mismanagement. Please stop rewarding Hydro One for mismanagement and force them to cut internally first and come up with a better plan than laying the cost on residents and companies. Ontario can't afford it. Ontario will die a slow economic death. If you want a more prosperous Ontario, do the right thing and deny Hydro One's request.
