Dear Mr. Capredoni,

**Re: Request for Intervenor Status  
Hydro One Networks Inc.'s application for leave to sell distribution assets  
to Bell Canada  
Ontario Energy Board File No. EB-2017-0259**

This is to inform you that your request for intervenor status in the Hydro One Networks Inc. (Hydro One) application for leave to sell certain distribution assets is denied.

The OEB notes that your request was received in the absence of any Notice of Hearing being issued in this matter. Hydro One's application consists of a request for leave to sell one electricity distribution pole located at Highway 467 in Heron Bay to Bell Canada. Given the limited scope of the application, a member of OEB's staff has been delegated authority under Section 6 of the *Ontario Energy Board Act, 1998* to make a decision on the application. The delegated authority has determined that the review will proceed without holding a hearing. As such, no Notice of Hearing will be issued and no requests for intervenor status will be considered in this matter.

Any questions relating to this letter should be directed to the undersigned at [Registrar@oeb.ca](mailto:Registrar@oeb.ca).

Yours truly,
