On August 19, 2016, Union was directed by the Ontario Energy Board to file a report by December 31, 2016 confirming that Union has obtained Certificates of Public Convenience and Necessity covering the geographic areas in which its facilities are located. If during its investigation facilities are found to be located in areas where it does not hold Certificate rights, Union is to advise the Board as to where the infrastructure is located and to provide a plan to rectify the situation.

In its report to the Board dated December 22, 2016, Union identified Certificates of Public Convenience and Necessity held by Union and Natural Resource Gas (NRG) that were overlapping. Union committed at that time to submit an application to eliminate this overlap of Certificates.

### **Norfolk County**

On March 17, 1959, the Ontario Fuel Board issued F.B.C. 259 (attached as Schedule A) which granted Union the right to construct works to supply natural gas within all areas of various communities including all of the municipalities that now make up Norfolk County.

At the time F.B.C. 259 was issued and prior to its amalgamation with Haldimand in 1974, the former County of Norfolk consisted of eight townships (Charlottetown, Houghton, Middleton, North Walsingham, South Walsingham, Townsend, Windham and Woodhouse), all of which are specifically named within F.B.C. 259. Union has been providing natural gas service in these municipalities since the early 1900s.

In 1974, Nanticoke was incorporated as a city within the Regional Municipality of Haldimand-Norfolk through the amalgamation of the former towns of Port Dover and Waterford, the former village of Jarvis, and parts of the former townships of Rainham, Townsend, Walpole and Woodhouse. What was once the City of Nanticoke was split between Haldimand County and Norfolk County.

Other changes in 1974 included the Township of Houghton becoming the Township of Norfolk (January 1, 1974), the Township of South Walsingham becoming the Township of Delhi and the Township of Norfolk (April 1, 1974) and the Township of Middleton becoming the Town of Tillsonburg, the Township of Delhi and the Township of Norfolk (April 1, 1974).

Norfolk and Haldimand were separated again in 2001.

On January 1, 2001, the former Town of Simcoe, the former Township of Delhi, the former Township of Norfolk, and the westerly half of the City of Nanticoke were amalgamated to form the Town of Norfolk. On January 23, 2001, the name of the Municipality was changed to Norfolk County.

With the issuance of Certificate of Public Convenience and Necessity E.B.C. 111 and 119 (attached as Schedule B) on October 15, 1981, the Ontario Energy Board granted NRG the

right to construct works to supply natural gas within parts of the former Township of Norfolk that were in the former Townships of Houghton, Middleton, North Walsingham and South Walsingham to which Union had already been granted these same rights. To Union's knowledge, there have not been any changes made to the F.B.C. 259 Certificate rights that had been granted to Union in 1959 to serve customers within these same townships, including all of the former Townships within which NRG serves customers.

While this overlap in Certificates was raised by Union in a letter dated June 30, 2014 during the proceeding reviewing NRG's application for a franchise agreement with Norfolk County (EB-2014-0207), the Board decided not to address Certificate issues at that time.

Union submits that revised Certificates should be issued to both NRG and Union for Norfolk County to avoid any confusion going forward. Union submits that these Certificates should make specific references to the areas within Norfolk County served by NRG.

Union has attached draft revised Certificates of Public Convenience and Necessity for both Union Gas (Schedule C) and NRG (Schedule D) and a service area map of Norfolk County (Schedule E) for the Board's consideration.

Union now applies to the Ontario Energy Board for an Order pursuant to Section 8 of the *Municipal Franchises Act* cancelling and superseding those parts of Certificate of Public Convenience and Necessity F.B.C. 259 related to the former County of Norfolk and those parts of Certificate of Public Convenience and Necessity E.B.C. 111 and 119 related to the former Township of Norfolk that were in the former Townships of Houghton, Middleton, North Walsingham and South Walsingham and replacing them with utility-specific Certificates of Public Convenience and Necessity for Norfolk County.

### **County of Elgin**

Elgin County is an upper-tier municipality formed by two or more lower-tier municipalities and is composed of seven incorporated municipalities:

- Municipality of Central Elgin
- Township of Malahide
- Town of Aylmer
- Municipality of Bayham
- Municipality of West Elgin
- Township of Southwold
- Municipality of Dutton/Dunwich

The City of St. Thomas is geographically within the boundaries of Elgin County and part of the Elgin census division, but is separated from county administration.

Natural Resource Gas holds a Certificate of Public Convenience and Necessity (E.B.C. 212 issued February 9, 1996 – attached Schedule F) granting NRG the right to construct works to supply gas and to supply gas in the County of Elgin.

Union also holds a Certificate of Public Convenience and Necessity for the County of Elgin (F.B.C. 259 issued March 17, 1959) which was issued 37 years prior to the E.B.C. 212 Certificate issued to NRG. Union currently has a significant level of assets in place along County of Elgin roads related to the F.B.C. 259 Certificate.

Union's understanding is that NRG has limited facilities on County of Elgin roads related to the E.B.C. 212 certificate. Union is concerned that NRG's unlimited E.B.C. 212 Certificate of Public Convenience and Necessity for the County of Elgin may directly interfere and be in conflict with Union's F.B.C. 259 Certificate.

This overlap of Certificates was raised by Union in a letter dated July 27, 2015 during the proceeding reviewing NRG's application for a franchise agreement with the Township of Malahide (EB-2015-0205). At that time, Union asked the Board to direct NRG to identify specifically where they have assets on County of Elgin roads so that their related E.B.C. 212 Certificate could be limited in this regard. In its EB-2015-0205 Decision and Order dated September 24, 2015, the Board found that conducting a review of NRG's certificate of public convenience and necessity for the County of Elgin was unnecessary at that time and beyond the scope of that proceeding.

Union now applies to the Ontario Energy Board for an Order pursuant to Section 8 of the *Municipal Franchises Act* amending NRG's E.B.C. 212 Certificate such that it pertains only to areas where NRG has assets on County of Elgin roads and an order amending those parts of Certificate of Public Convenience and Necessity F.B.C. 259 related to the County of Elgin to exclude areas where NRG has assets on County of Elgin roads.

### **County of Middlesex**

Middlesex County is an upper-tier municipality formed by two or more lower-tier municipalities and is composed of eight incorporated municipalities:

- Township of Strathroy-Caradoc
- Municipality of Middlesex Centre
- Municipality of Thames Centre
- Municipality of North Middlesex
- Municipality of Southwest Middlesex
- Township of Lucan Biddulph
- Township of Adelaide Metcalfe
- Village of Newbury

Natural Resource Gas holds a Certificate of Public Convenience and Necessity (E.B.C. 239 issued October 16, 1995 – attached Schedule G) granting it the right to construct works to supply gas and to supply gas in the County of Middlesex.

Union also holds a Certificate of Public Convenience and Necessity for the County of Middlesex (EB-2008-0309 issued January 20, 2009 – attached Schedule H) which replaced those parts of Certificate of Public Convenience and Necessity F.B.C. 259 related to the County of Middlesex. F.B.C. 259 was issued March 17, 1959, more than 36 years before the E.B.C. 239 Certificate was issued to NRG. Union currently has a significant level of assets in place along County of Middlesex roads related to the F.B.C. 259 and EB-2008-0309 certificates.

This overlap of Certificates was raised by Union in a letter dated April 29, 2016 during the proceeding reviewing NRG's application for a franchise agreement with the County of Middlesex (EB-2016-0145). At that time, Union asked that the Board direct NRG to identify specifically where they have assets on County of Middlesex roads so that their E.B.C. 239 Certificate could be limited in this regard. In its EB-2016-0145 Decision and Order dated May 19, 2016, the Board found that conducting a review of NRG's certificate of public convenience and necessity for the County of Middlesex was unnecessary at that time and beyond the scope of that proceeding.

Union now applies to the Ontario Energy Board for an Order pursuant to Section 8 of the *Municipal Franchises Act* amending NRG's E.B.C. 239 Certificate such that it pertains only to areas where NRG has assets on County of Middlesex roads and an order amending those parts of Certificate of Public Convenience and Necessity EB-2008-0309 related to the County of Middlesex to exclude areas where NRG has assets on County of Middlesex roads.
