I'm not sure what to write here except NO.

They should not be allowed to increase their rates. Ontario's hydro is the most overpriced in Canada and it's killing us. My hydro bill has DOUBLED in the past few years and I simply can't afford it. It's insane the amount we are paying. They made the deals that give our neighbors cheaper hydro, THEY should have to take the loss on that....they can't just pass it along to the average consumer, it's NOT OK. Please do not approve this. PLEASE
