NO. I am a pensioner and I am tired of paying for a badly run Hydro and Ontario Energy. These increases put all prices up Food; Gas; Heat; Hospital/Schools/Arena's/Government Office (etc) Budgets. I can't afford these increases because wages or pensions don't increase this much. I am also tired of those that manage to run Hydro well. Start looking to reduce the costs of running either Hydro or Energy ie salaries, number of employees etc etc etc. We don't need to lose more industry in Ontario. Ontario government needs to start to clean up their act.
