In these days where there is such a public outcry regarding the outrages cost for Hydro Power in this province, I am at a loss to understand WHY any provincial authority would EVER consider granting Ontario Hydro/Hydro One any type of an increase.

This entity is obviously mismanaged.

You are the governing body for Hydro/Power in the province.

You simply have to tell Hydro One ... no more increases of any kind. You will simply have to manage with the funds you already have.

In my business, if I want to remain competitive, that's what I have to do. I always find a way to do it.

SAY NO ,, NO MORE INCREASES..

Plus,, you MUST do something about the outrages salaries and bonuses given the "executives" at Hydro. Compare their salaries with other provinces and these folks who obviously can't do the job or they wouldn't be looking to "nail" the public all the time, don't deserve the money they are already getting.

Fire them, I say!
