I object to to any increase for Hydro One's distribution rate, service charges, account collections, pole access or removal of load limiters. It is about time Hydro One operated within it's budget and stop burdening the people of Ontario. We all know Hydro could look internally for cost cutting measures and that is what should happen. They need to look at their own books. The OEB needs to work for the taxpayers of Ontario (who at the moment are hydro cost overburdened) and stop regulating to appease Hydro One.
Enough is enough!!!
Thank You
