-- Comments --

Enough is enough! If you were running a private business you would've been broke a long time ago. Start at the top and start cleaning your house and get it in order. Get rid of your different Business Sectors and go back to Hydro One. Eliminate all those extra unnecessary Directors, Managers, Supervisors, Middle Management positions. Get your house in order and stop draining Ontario's hard working people's money or we'll all be in the dark ages again.

Stop giving our Hydro away to the States that we pay to produce because of your incapability to run your business. Small Businesses are getting hurt enough by minimum wage increases.

Sincerely,

One of Many Thousands Disgruntled Customers
