As a Hydro One customer, I am appalled that you are making another application to increase the distribution rates in Ontario. Five Hydro One executives make over \$11 million dollars combined in salary, more than any other electric company in Canada. In 2015, Hydro One disconnected nearly 10,000 residential customers from their electricity services, roughly one per cent of their total customer base. In December 2016, 1,425 Hydro One customers were living without power. One man died as his generator blew up since he had no electricity. Hydro rates have gone up 140% from 2006 to 2016, and we have over paid \$37 billion for hydro from 2006-2014 according to the Auditor General Bonnie Lysyk. No more!
