We are sick-and-tired of their duplicitous electricity shell-game and empty promises. This request to increase Hydro prices while their is a Hydro relief in place, does not make sense. how does Hydro One justify this increase , while over 60% of its customers are in arrears? Thestar.com article dated April 25 2017. Please don't raise rates yet until we get things under control. It's \$11.75 over 5 years!!
