Dear OEB members.

It is quite obvious that Hydro One executives do not understand the fiscal pain that the OEB and the government have caused the rate payers of this province. Unlike the CEO of Hydro one, we do not earn 4.5 million dollars per year. It is time that you, as the electricity board, balances the needs for profit of Hydro One, with the struggling ability to pay, of the consumers. We do not have unending streams of income. Show some restraint, and some common sense. The provincial rate payers cannot afford these constant increases!

Sincerely
Mark Clifford
