This doesn't make economic sense. Your taking money from Peter to pay Paul.

Taxpayers > Hydro One customers. OESP is one of several Prov programs that helps Taxpayers/Hydro One customers pay their hydro bills. If you allow Hydro One to raise their rates AGAIN, will you also raise the monthly credit on our bills ? Will the other programs continue to help us ? To pay for that raise?

Too many Ontarians are struggling to put food on the table.

Lunch money for the children in school ? Not there The possibility of seeing a dentist ? None Hydro One tells me that it's the provincial gov't that dictates the rules about how much and when. The agent told me today that they are mandated to obey the gov'ts directives !
