By 2022 a typical residential customer of Hydro One Networks Inc., using 750 kWh per month's hydro bill will be increased by \$141.00 a year?! I own a two bedroom condo. What change or increase will happen with my condo fees?! Please do not let the Hydro One Networks Inc. apply to raise its electricity distribution rates for the potential increase from the Ontario Energy Board.
It's going to blow up in your faces. Thank you.
