**Re: 2018 Cap and Trade Compliance Plans
EB-2017-0224

EB-2017-0275**

The Ontario Energy Board's (OEB) *Report of the Board: Regulatory Framework for the Assessment of Costs of Natural Gas Utilities' Cap and Trade Activities* (EB-2015-0363) indicated that the gas utilities are expected to file their respective Cap and Trade Compliance Plans by August 1st of each year.

In order to allow the gas utilities to consider the OEB's findings on the 2017 Compliance Plans as part of their respective 2018 Compliance Plans, the gas utilities may file their 2018 Compliance Plans three weeks following the issuance of the OEB's Decision and Order on the 2017 Compliance Plans. In the event a gas utility requires additional time prior to filing its 2018 Compliance Plan, it may request a further extension.

Yours truly,
