I disapprove of this increase! The people of Ontario can not afford higher prices!! Why should we have to choose between hydro or food? My son is a single person. Struggling with his hydro bill. He is now unemployed and can not buy food. He has to go to food banks so he can pay his hydro bill!! My daughter is a single mother who struggles to keep up with her hydro bill. A single mother who went back to work when her daughter was 1 because she had too to pay the bills!!! Ontario is making it so hard to get ahead in life.  
And these outrageous rates we already have on hydro and delivery are insane.  
I hope you take people into consideration when you "deside" if the rate will be approved. We all know the rate will be approved. No one cares about the people of Ontario. Let me ask you.....has a rahe increase ever NOT need approved????
