I moved to Greater Napanee And built a new R 2000 factory built after lots of research. On or about June 2007 Ontario Hydro connected my home. July 2007 Hydro arrived to change my home to a smart meter. I have an air source heat pump and a high efficiency oil furnace. And a 1700 Sq. ft. bungalow We are two seniors on a very limited income so we watch all expenses.

We do everything possible at the low hydro rates.

WE STILL GET BILLED \$ 225 Per month for Hydro plus our Oil.  
This is out rages .

We keep the house at a temp of 18 degrees C in the winter and 24 degrees C in the summer.  
How much do you Ms. Wynn want us to Pay.
