Enough is enough. I strongly disagree with the increase that Hydro One is asking for. I cannot believe that it would even be considered. I already pay a ridiculous amount for our delivery distribution. Hydro One says that I am Rural and the Norwich Township says that I am Residential. Must be nice for companies to pick and choose what to categorize my residence under so that they can receive the most monies. I do believe that Hydro One has squeezed enough money out of their customers. People do not get raises to keep up with Hydro Ones many increases. They are making people pick and choose what bills to pay or should they get groceries to live. Please put a stop to this!!
