excuse me what was the point of promising lower electricity rate and then letting hydro one increase distribution rate...? my delivery charge is already 115-120% of my electricity usage charge. THIS MAKES NO SENSE AND YOU GUYS WILL SEE ME SWITCH TO SOLAR IF THIS SHIT CONTINUES we pay out the ass in this province for electricity with delivery I am paying 30 cents/kwh (12-15 cents of that is actual electricity) NO WHERE ELSE IN THE WORLD DO YOU PAY THIS MUCH
