I think what the wynne govt is trying to do to the ontario pple is a travesty. Rasing rates like this will cause the min wage increase to mean nothing. Ontarians will still be scraping together ends to pay bills, and having to choose between food on the table or paying hydro....

Nothing will change things will get worse for lower income familes struggling to make ends meet. I think allowing this increase would be morally wrong when we are trying so hard to make life better for Ontarians.
