Please do not raise the cost of electricity any further. Instead of "paying" the US to take our excess energy "sell" it to them! Or even better, supply all manufacturing companies free (excess) Hydro because we all know it's become impossible to afford to keep our manufacturers here as overhead costs are too great.

Smarten up Hydro!!!! Don't cripple us any further!

Do something productive. Stop making us pay for American comforts. Working for us, not for them.

Please.
