ENOUGH!! No more rate increases of any kind, we the people of Ontario have paid and paid and paid for your costly mistakes. If you can't get your shit together, step down, and let someone who knows math, the opportunity to fix your mess. Start at the very top, by majorly cutting those ridiculous salaries and bonuses, and when and only when they have been brought down to an acceptable level. I personally have not had a pay raise in over 12 years, as a matter of fact, I'm now below poverty level, how do you expect me to continue to pay for my hydro---and NO - I AM NOT GOING TO APPLY FOR SUBSIDY, OR ANY OTHER HANDOUT. HYDRO IS A NECESSITY, AND BY LAW, IT IS OUR GOD GIVEN RIGHT TO HAVE IT!

YOU work for US, quit selling us out to the American's, quit wasting our monies, quit thinking we are all working for the public sector, or living beyond our means, or wasting hydro. For one bloody second, think of something other than your own pocketbook, and how much you can stuff in it, before you retire with an awesome pension, most of us could only dream of...I was always taught, rewards go with good behaviour, your behaviour is atrocious, and you should be ashamed.

Now go do something our forefathers would be proud of, give us back, what we own!
