We can not afford our delivery rates in rural Ontario already! Please! We cannot afford higher rates. If our rates do not DROP we may have to leave the province. All our friends and family are union HERE! the government just told us our rates will drop 25% (which really is not sufficient on its own) and now Hydro wants to raise rates! Many rural residents cannot afford these rate hikes (and couldn't afford the previous rate hikes). Please please, do not allow these rate hikes.
