BOARD FILE NO.: EB-2016-0003

**To: All Licensed Electricity Distributors
All Licensed Electricity Transmitters
All Participants in Consultation Process EB-2013-0421
All Other Interested Parties**

On September 21, 2017, the Ontario Energy Board (OEB) issued a Notice of Proposed Amendments to the Transmission System Code (TSC) and the Distribution System Code (DSC) which are aimed at ensuring the cost responsibility provisions for load customers are better aligned and facilitate the implementation of regional plans.

The due date for written comments on the proposed Code amendments, as currently set out in the September 21st Notice, is October 23, 2017.

On October 3, 2017, the OEB received a request from the Coalition of Large Distributors (CLD) for an additional two weeks to provide comments. Four groups representing consumers supported the CLD's request in correspondence received by the OEB.

The OEB has considered the request and will extend the period for comments by two weeks. **The revised due date is November 6, 2017.**

If you have any questions, please contact Chris Cincar at Chris.Cincar@oeb.ca or at 416-440-7696.
