**January 18, 2018**

**DECISION AND ORDER**

On November 16, 2017, 2225228 Ontario Inc. (Corporation) applied for leave of the Ontario Energy Board (OEB) pursuant to section 18(2) of the *Ontario Energy Board Act, 1998* (OEB Act) to transfer the electricity generation licence EG-2015-0047 from the Corporation to Concord Alfred Partnership (Partnership).

The Corporation is a holder of an electricity generation licence EG-2015-0047 issued by the OEB on April 16, 2015. The Licence authorizes the Corporation to own and operate Alfred Solar Park generation facility operated under the Feed-in Tariff (FIT) contract with the Independent Electricity System Operator (IESO). As a result of an internal business reorganization, the Corporation will be transferring all of its assets, including the licence, to the Partnership.

The application is considered without holding a hearing pursuant to section 6(4) of the OEB Act.

The evidence in the application indicates that the transfer of the licence to the Partnership will have no impact on the location or operation of the existing generation facility. The OEB finds that the application should be granted subject to the condition that the transfer will not take effect until the effective date of the assignment of the FIT Contract with the IESO to the Partnership.

**IT IS ORDERED THAT:**

1. The application to transfer electricity generation licence EG-2015-0047 to Concord Alfred Partnership is granted. The transfer of the Licence will become effective once the OEB receives confirmation in writing that the IESO has assigned the FIT contract presently held by 2225228 Ontario Inc. to Concord Alfred Partnership.

**DATED** at Toronto January 18, 2018
