My issue is regarding this rate increase. First Enbridge is a monopoly. Second issue is Enbridge charges their customer a \$20.00 plus tax charge EVERY MONTH just to be their customer. Third issue is they don't have any 21st century meter reading technology. If you forget to read and submit a reading every month Enbridge averages the bill in their favour - usually far outweighing the actual gas consumption. Given the current schedule of charges and the fact Enbridge is a monopoly I strongly condemn any price increase.
