To: All Natural Gas Distribution Service Providers

Re: Enbridge Gas Distribution Inc. Bobcaygeon Pipeline Project (EB-2017-0260) and Scugog Island Pipeline Project (EB-2017-0261)

In a letter dated June 29, 2017, Enbridge Gas Distribution Inc. (Enbridge Gas) notified the Ontario Energy Board (OEB) that it intends to file an application by December 2017 to provide natural gas distribution services to the communities of:

- Bobcaygeon, in the City of Kawartha Lakes, Ontario; and
- Scugog Island, in the Township of Scugog, in the Regional Municipality of Durham, Ontario.

In particular, Enbridge Gas has indicated that it intends to apply for an order for leave to construct a natural gas pipeline to, and associated distribution system works in, the communities of Bobcaygeon and Scugog Island and for a rate order approving a rate surcharge to be charged to customers served by these projects.

Enbridge Gas will also require an order for a certificate of public convenience and necessity from the OEB to construct works and supply gas to and in the community of Bobcaygeon.

Enbridge Gas' letter indicating its intention to file an application with the OEB (OEB file numbers EB-2017-0260 and EB-2017-0261) is available on the OEB's website [www.oeb.ca](http://www.oeb.ca).

By way of this letter, the OEB is requesting that any other party that is currently developing a plan to provide natural gas services to either or both of the communities of Bobcaygeon and Scugog Island file a letter and the minimum information enumerated below with the OEB by **November 16, 2017**. Any responding party must demonstrate that it has already explored the opportunity to provide service in the Bobcaygeon or Scugog Island communities and that it is in a position to file a complete application with the OEB by December 2017. In particular, a responding party must provide the following minimum information:

- The name of the company
- A brief description of the work already undertaken to support its application(s) to the OEB
- The date by which the company will be ready to file its complete application(s) to provide gas distribution services to the community

In the absence of any letters from other parties interested in serving Bobcaygeon or Scugog Island, the OEB will proceed to review Enbridge Gas' application when it is filed.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides customers with reliable energy services at a reasonable cost.

Any questions relating to this letter should be directed to Zora Crnojacki at [Zora.Crnojacki@oeb.ca](mailto:Zora.Crnojacki@oeb.ca) or at 416-440-8104. The OEB's toll-free number is 1-888-632-6273.

Yours truly,
