Dear Ms. Walli:

re Settlement Conference of November 2, 2017 (EB-2017-0108)

We write further to the letter of Union Gas Limited (“**Union**”) dated November 9, 2017.

First, as an administrative matter, we write to advise that the transaction between Natural Resource Gas Limited (“**NRG**”) and EPCOR Natural Gas Limited Partnership (“**EPCOR**”) has closed, and that, in accordance with the direction of the Ontario Energy Board (the “**OEB**”) in Procedural Order No. 1 dated September 6, 2017, NRG has transitioned its participation in the above proceeding to EPCOR. We are also able to advise that Osler is acting on behalf of EPCOR in this proceeding.

Second, with respect to Union’s letter referred to above and the Settlement Conference held on November 2, 2017, EPCOR agrees with the timetable and procedural steps outlined in Union’s letter, with one additional request. In light of the extraordinary relief that Union is seeking, namely the amendment and/or cancellation of certain Certificates of Public Convenience and Necessity held by EPCOR, EPCOR requests that the OEB require both Union and EPCOR to verify by affidavit the completeness and accuracy of any maps and evidence filed with Board Staff and provided to the other parties, all in accordance with Rule 12.04 of the OEB’s *Rules of Practice and Procedure*.

Please do not hesitate to contact me if you have any questions.

~~Yours very truly,~~

Patrick G. Welsh
