Dear Ms. Walli:

**Re: EB-2016-0146 - Hydro One Networks Inc. – Transmission Rate Application
- 2017-2018**

The Consumers Council of Canada (Council) is an intervenor in the above-referenced proceeding. On November 9, 2017, the Ontario Energy Board (Board) released its Decision and Order regarding the draft revenue requirement/charge determinant order and draft uniform transmission rates order filed by Hydro One Networks Inc. (HON). In that letter the Board established a date for intervenors to file their cost claims for the proceeding.

I am acting for the Council as its consultant in this proceeding and responsible for preparing our cost claim. I am away at the current time, out of the country. I will be returning on November 22. Unfortunately, all of the materials I need to prepare the cost claim are on my computer in Toronto. Accordingly, I am not able to file the claim until November 23 at the earliest. I sincerely apologize for this and will get our cost claim filed upon my return to Toronto next week.

Yours truly,

Julie E. Girvan
