## **Hydro One Networks Inc. Transmission**

### **Application for electricity transmission revenue requirement and related changes to the Uniform Transmission Rates beginning January 1, 2017 and January 1, 2018**

#### **PROCEDURAL ORDER NO. 6 November 23, 2017**

Hydro One Networks Inc. (Hydro One) filed a cost of service application with the Ontario Energy Board (OEB) on May 31, 2016 under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, (Schedule B), seeking approval for changes to its transmission revenue requirement and to the Ontario Uniform Transmission Rates, to be effective January 1, 2017 and January 1, 2018.

On November 9, 2017 the OEB issued a Decision and Order on the application which included a schedule for submissions regarding cost awards. Cost eligible intervenors were to file their cost claims no later than 7 days from the Decision and Order issue date, or November 16, 2017. Hydro One was to file any objections to the cost claims by November 23, 2017 and intervenors were to file any responses to any objections by November 30, 2017.

A number of intervenors filed their cost claims after the November 16, 2017 date and the OEB received a request from the Consumers Coalition of Canada (CCC) for an extension to the filing deadline. In recognition of these delays, the OEB will extend the deadline for cost claims submission and allow Hydro One more time to file any objections to the cost claims.

**IT IS THEREFORE ORDERED THAT:**

1. CCC, and any other intervenor who has not yet filed a cost claim and wishes to do so, must file, and forward to Hydro One, its cost claim, no later than November 24, 2017.
2. Hydro One shall file with the OEB and forward to all parties any objections to the cost claims filed no later than November 29, 2017.
3. Intervenors shall file with the OEB and forward to Hydro One any responses to any objections for cost claims no later than December 6, 2017.
4. Hydro One shall pay the OEB's costs incidental to this proceeding upon receipt of the OEB's invoice.
