Dear Ms. Walli:

**RE: EB-2016-0160 – Notice of Motion To Review and Vary Decision and Order dated September 28, 2017 and Decision and Order dated November 9, 2017**

On October 18, 2017, Hydro One Networks Inc. ("**Hydro One**") filed a Notice of Motion To Review and Vary (the "**Motion to Review**") the Ontario Energy Board ("**OEB**")'s Decision and Order dated September 28, 2017 (the "**September 28 Decision**").

On November 9, 2017, the OEB subsequently issued a decision and order regarding Hydro One's draft rate order into this same proceeding (the "**DRO Decision**"). The DRO Decision provides additional explanation and reasons to matters in the September 28 Decision which are the subject of Hydro One's Motion to Review.

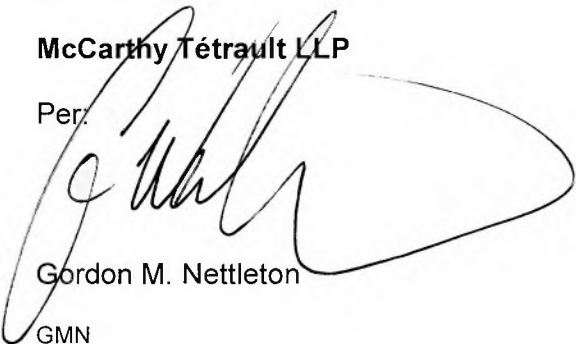

Given these circumstances, and for greater clarity, the Motion to Review is intended to be inclusive of the Board's September 28 Decision and the DRO Decision. We are proposing that the aspects of the DRO Decision that relate to the matters raised in Hydro One's Motion to Review be addressed as part of the written factum which Hydro One prepares and files as part of any proceeding into the hearing of the Motion to Review.

Please advise whether this proposed approach is acceptable in these circumstances.

Yours truly,

**McCarthy Tétrault LLP**
