DELIVERED BY RESS

Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street, 27th Floor
Toronto, ON M4P 1E4

Dear Ms. Walli:

Subject: EB-2017-0224 / EB-2017-0255 / EB-2017-0275 – Applications Relating to Cap-and-Trade Compliance Plans by Enbridge Gas Distribution, Union Gas, and Epcor Natural Gas LP

Northeast Midstream LP (“Northeast”) wishes to apply for intervenor status in the above-mentioned proceeding.

Northeast has a vital interest in the development of a new natural gas services in Ontario, including alternative infrastructure for under-served and new markets. In this regard, Northeast has appeared before the Board in several proceedings, including the Union Gas Hagar LNG Case (EB-2014-0012) and the Generic Hearing on Natural Gas Expansion (EB-2016-0004).

Our interest in the current proceeding relates to: (1) The “Low Carbon Initiative Fund” proposed by Union Gas, and (2) The “Renewable Natural Gas Proposal” developed jointly by Enbridge Gas Distribution and Union Gas.

We intend to participate prudently in the process, as we have done in the past, and are not seeking a cost award for our involvement. All communications and information related to this proceeding should be sent to the contact information below.
