Re: 2015 DSM Results Reports (EB-2015-0245)

The Ontario Energy Board (OEB) has posted the updated Technical Reference Manual (TRM), based on the annual review of the TRM by the OEB's Evaluation Contractor. The revised TRM includes updates to input assumptions used to calculate natural gas savings resulting from Enbridge Gas Distribution Inc. and Union Gas Limited prescriptive demand side management (DSM) programs.

Questions about the TRM should be directed to Valerie Bennett at valerie.bennett@oeb.ca or 416-440-7747.

Yours truly,
