Dear Ms. Walli,

RE: EB-2017-0084, Westario Power Inc., Cost of Service Application

We are writing to the Board with respect to our application for January 1, 2018 rates to ask that the Board issue an order immediately declaring our current rates interim pending the resolution of the application. In this way the Board will retain the full discretion to make whatever rate changes flow from its decision in this application effective as early as the date rates were made interim without a concern that such an order would constitute retroactive rate-making. We acknowledge that any such order declaring rates interim is entirely without prejudice with respect to the appropriate effective date of any rate changes that flow from the Board's decision in this application.

Yours truly,

Westario Power Inc
