

SEC INTERROGATORY # 5

INTERROGATORY

[B1-1-1, p.15]

With respect to the Natural Gas Grant Program:

- a. Please provide an update on the status of the proposal and information Enbridge has on when the decision will be made by the Ministry of Infrastructure.
- b. Please provide a copy of the submitted grant application for this project.

RESPONSE

- a. Please see the Company's response to Board Staff interrogatory #9 (b) found at Exhibit I.B.EGDI.STAFF.9.
- b. The Ministry of Infrastructure's Natural Gas Grant Program ("NGGP") application requires the applicant to provide considerable detailed market information including but not limited to; existing market potential by sector, existing fuel types and consumption estimates and current estimated future greenhouse gas emissions. It is Enbridge's position that the information contained in the NGGP application is commercially sensitive and confidential in nature.

The Company's grant application is being filed with the Ontario Energy Board in Confidence as Attachment 1 to this response.
