THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The OEB will hold a public hearing to consider Westario Power's requests. We will question the company on its case for a rate increase and other proposals. We will also hear arguments from individual customers and from groups that represent Westario Power's customers. At the end of this hearing, the OEB will decide what, if any, increase will be allowed.

Distributors such as Westario Power typically apply for a full review of their rates every five years. Any rate changes for the years in between are made by applying a formula that is tied to inflation and other factors intended to promote efficiency. You may not get notice of future rate changes made by applying the formula.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
