If approved, the proposed extra-high pressure 4-inch diameter, steel natural gas pipeline would start at an existing Enbridge Gas Distribution Inc. pipeline just west of the intersection of Highway 7A and Regional Road 57 in the Township of Scugog, travel west along Highway 7A for approximately seven kilometres and end at the intersection of Highway 7A and Island Road.

Enbridge Gas Distribution Inc. has also applied for approval to charge a System Expansion Surcharge of \$0.23 per cubic metre of gas in addition to its base distribution charge, to be paid over a term of up to 40 years, by all customers in the community of Scugog Island that take service from the proposed facilities.

Enbridge Gas Distribution Inc. is also asking the OEB to approve the form of agreement it offers to landowners to use their land for routing or construction of the proposed line.

Enbridge Gas Distribution Inc. has a Municipal Franchise Agreement with the Township of Scugog and Certificate of Public Convenience and Necessity from the Ontario Energy Board to serve the Township of Scugog.

A map of the proposed pipeline project is provided below.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider the application filed by Enbridge Gas. During the hearing, we will question Enbridge Gas on the case. We will also hear questions and arguments from individual consumers, municipalities and others whose interests would be affected. At the end of this hearing, the OEB will decide whether to approve the application.

As part of its review of this application, the OEB will assess Enbridge Gas' compliance with the OEB's Environmental Guidelines for the Location, Construction and Operation of Hydrocarbon Pipelines and Facilities in Ontario.

The OEB advises Indigenous communities that the OEB's process for this application may serve as a component of the Crown's duty to consult for this project.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
