Dear Mr. Brett:

**Re: EB-2017-0306  
Enbridge Gas Distribution Inc. and Union Gas Limited Amalgamation**

The Ontario Energy Board (OEB) is in receipt of your letter dated January 23, 2018, on behalf of the Building Owners and Managers Association, in which you assert that it is unfair for the applicants to have a right of reply to the arguments of other parties on the issues list, as provided for in Procedural Order No. 2.

The OEB established the procedural steps in Procedural Order No. 2 in order to receive information relevant to determining the scope of the proceedings and the issues that will be heard. An opportunity has been provided for all parties to comment on the issues list proposed by the applicants and to suggest their own revisions. The OEB is of the opinion that the current established process is appropriate and the procedural order will not be amended.

Yours truly,
