**RE: UNION GAS LIMITED AND ENBRIDGE GAS DISTRIBUTION INC.
MERGER APPLICATION, EB-2017-0306**

Dear Ms. Walli:

The application to merge Union Gas Limited and Enbridge Gas Distribution Inc., both privately owned by Enbridge Inc., is unprecedented in magnitude. Currently, they are the two largest natural gas utilities by volume in North America. Assuming the merger is approved, Union Gas and Enbridge will unite to create a monolithic utility that is 3.0 times larger by volume than the next largest natural gas utility in North America.¹

Due to the extraordinary nature of this merger, Six Nations Natural Gas (SNNG) supports the Issues List proposed by interveners. The interveners' Proposed Issues List will provide the opportunity to more thoroughly identify, and begin to evaluate, the issues that will have rate impacts on Ontario customers.

SNNG believes the Issues List proposed by the interveners will better assist the Ontario Energy Board in the evaluation of this complex merger of the two largest, and privately owned, natural gas utilities in North America.

Sincerely

A handwritten signature in blue ink that reads "Nick Petruzzella".
