LETTER OF COMMENT

Comments:

In an effort to understand why the EPLC wants to raise monthly rates I began reading through the documentation. I simply don't have the time to read through 576 pages to understand the argument made for the rate increase. I would like the rationale to be clear and presented in a summary either on the oeb website or in a mandatory document submitted by the EPLC. This way I would be able to provide meaningful feedback to both the board and my provider.
