Dear Ms. Walli:

**Re: Franchise Agreement and Certificate of Public Convenience and Necessity
Township of Black River-Matheson
Board File No. EB-2017-0367**

On December 6, 2017, Union Gas submitted the above noted application seeking the Ontario Energy Board's approval of a Franchise Agreement with and a Certificate of Public Convenience and Necessity for the Township of Black River-Matheson.

It has come to our attention that the customer density map included in the original application contained inaccurate information. While Union does provide service to customers in the community of Val-Gagné, there are no natural gas facilities in the area along Val-Gagné Road leading up to that community.

I have attached a corrected customer density map for Black River-Matheson. A copy of the corrected map will be forwarded to the municipality as well.

Should you have any questions, please do not hesitate to contact me.

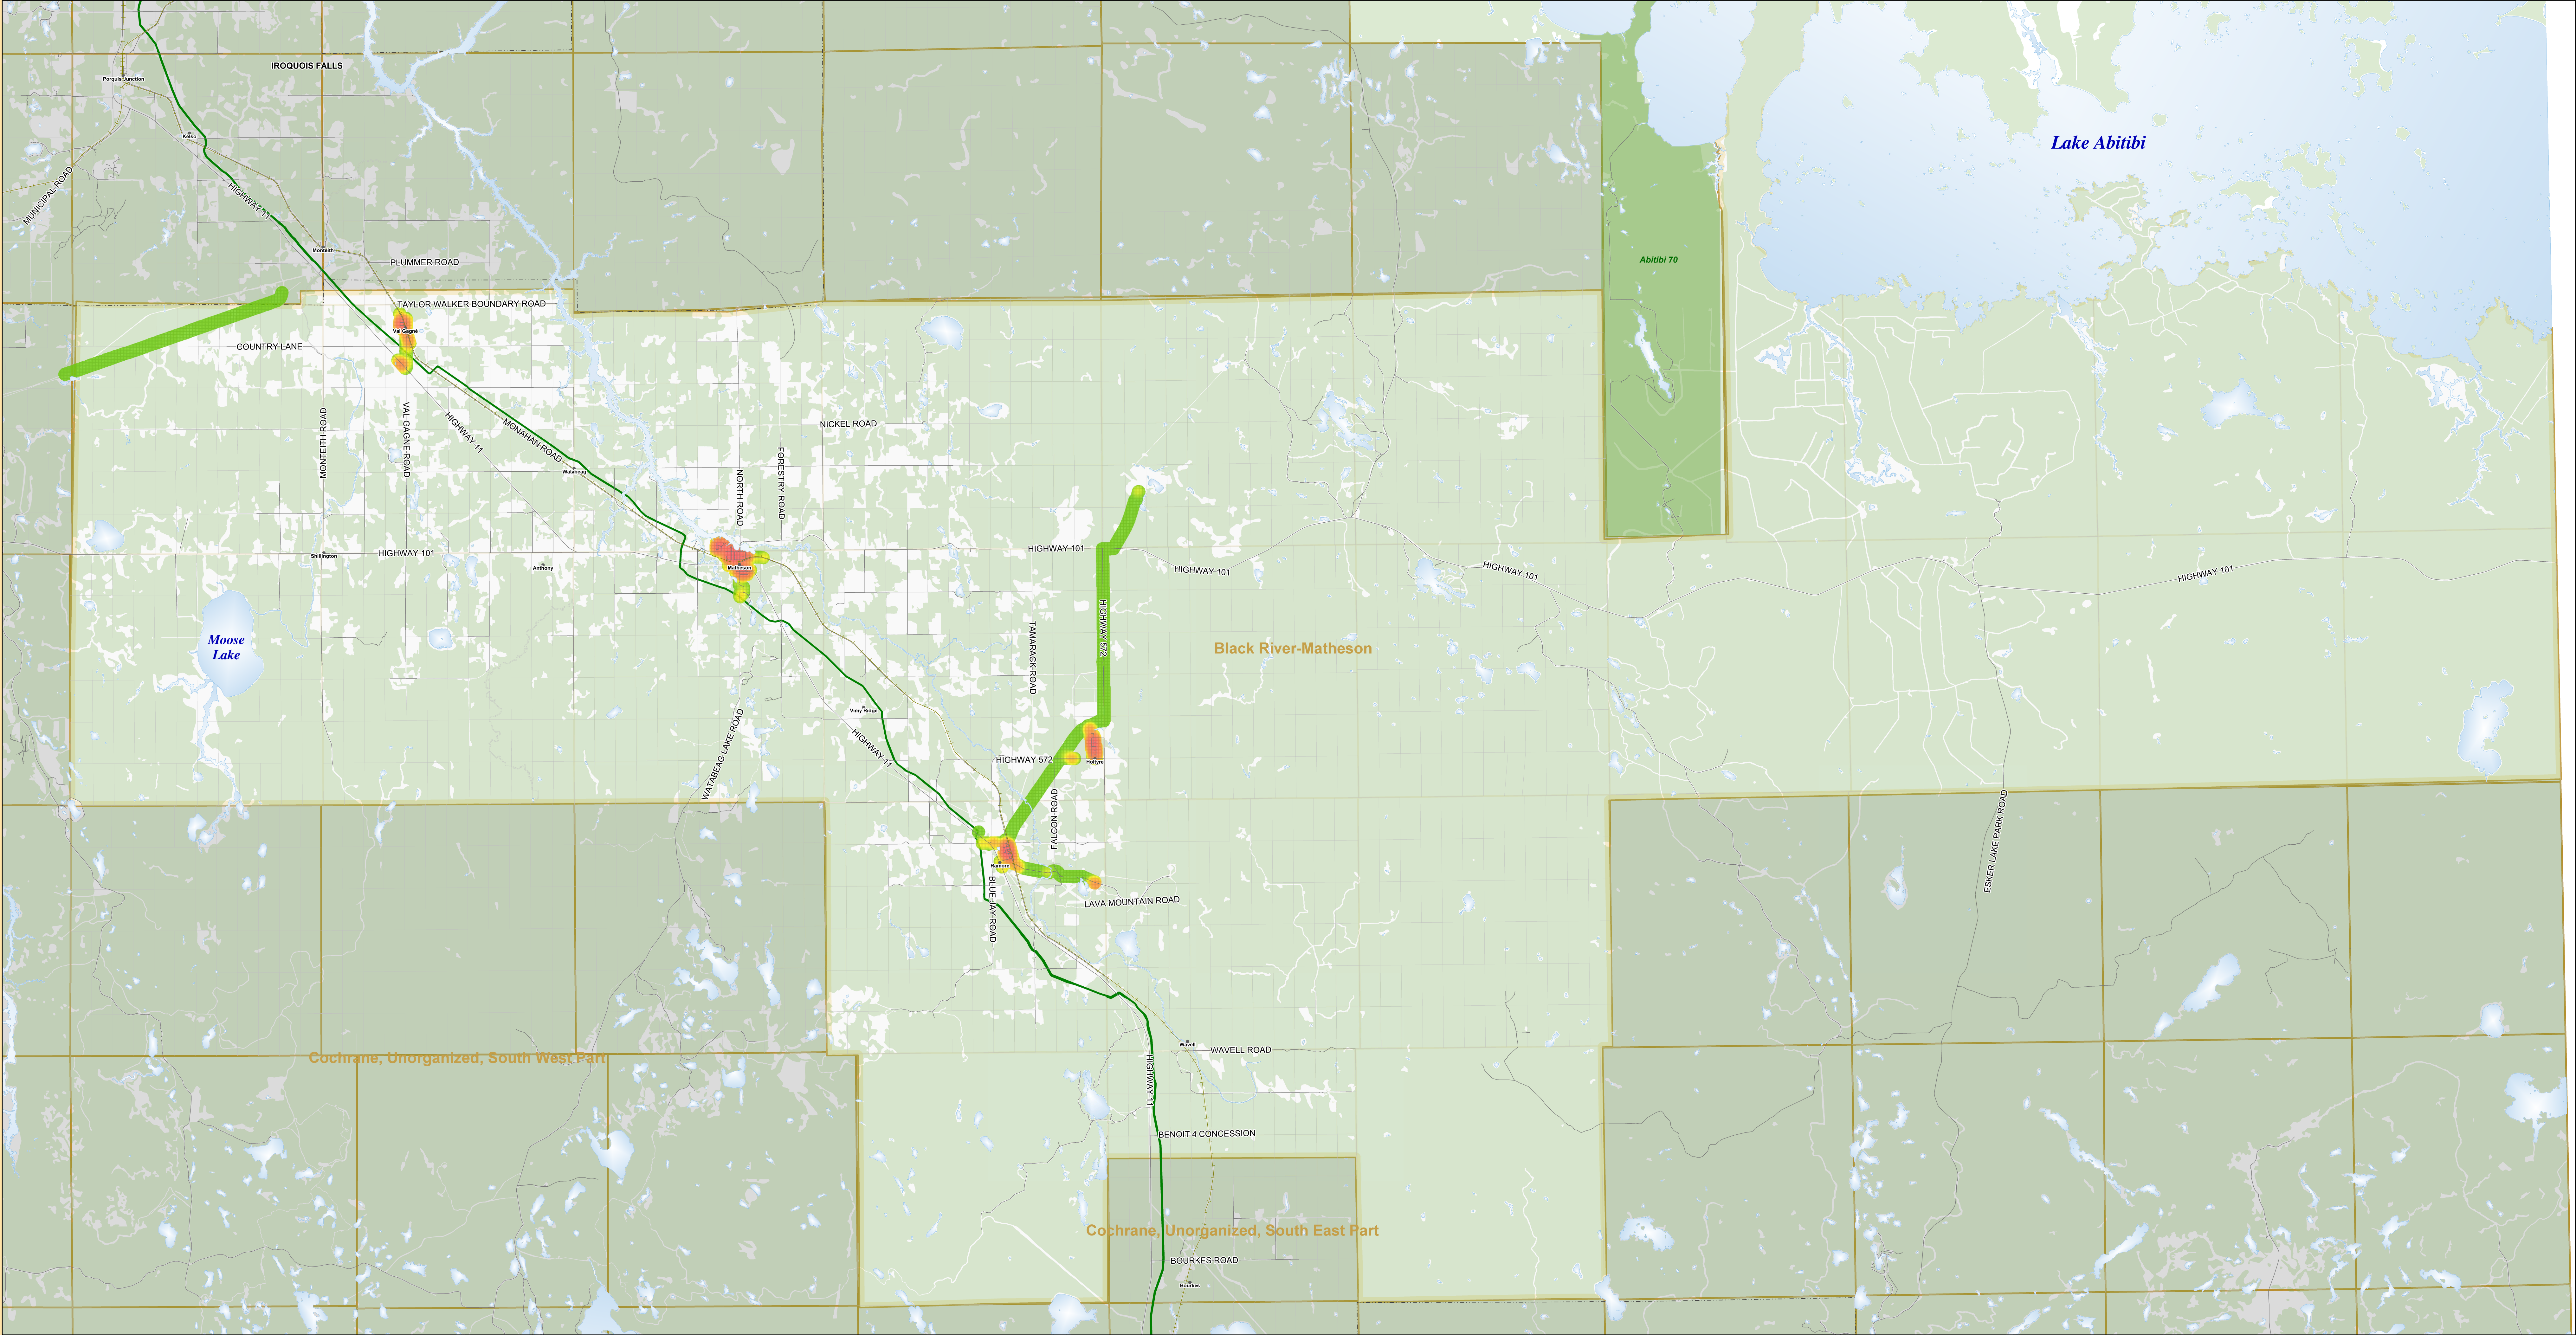

Yours truly,
