Ms. Stephanie J. Wychowanec Chairman Ontario Energy Board P.O. Box 2319 2300 Yonge Street Suite
2601 Toronto, Ontario M4P 1E4

Dear Madam Chairman:

SUBJECT: Reference to the Board for a Hearing - Farmers 7, Romney 2-14-III Well Application

Thank you for your letter of June 14, 1989 regarding the outcome of the E.B.O. 159 hearing and the impact of this decision upon our recent reference of the drilling application for the Farmers 7, Romney 2-14-III well. Consumers' Gas has been granted a well permit in the subject spacing unit and Farmers Oil & Gas Inc. has been informed that its well application will not be processed. Therefore, please consider the above-noted reference for a hearing to be withdrawn.

The Board's assistance in this matter is appreciated.

Yours sincerely,

<signed> Vincent G. Kerrio Minister

Honourable Vincent G. Kerrio Minister of Natural Resources 99 Wellesley Street West 6th Floor, Room
6323 Toronto, Ontario M7A 1W3

Dear Mr. Minister:

Further to your letter of reference of April 26, 1989 directing the Board to consider an application by Farmers Oil and Gas Inc. for a drilling permit to drill within a spacing unit established by Ontario Regulation 55/89, I am writing to advise you that today the Board has released its Decision and Order concerning the compulsory pooling application respecting the said spacing unit, submitted by the Consumers Gas Company Limited and its partners, Pembina Exploration Limited and Devran Petroleum Limited.

The Board has ordered the compulsory pooling of the interests of Consumers Gas and Farmers within the subject spacing unit, and the Board has designated Consumers Gas, on behalf of the applicants, as operator of the unit for the purpose of drilling and operating a well. In view of this Decision, I respectfully submit that the drilling permit in question should be issued to Consumers Gas, upon application, and not Farmers Oil and Gas Inc.

Yours truly,

Ontario Energy Board P.O. Box 2319 2300 Yonge Street Suite 2601 Toronto, Ontario M4P 1E4

Attention: Stephanie Wychowanec, Chairman

Dear Miss Wychowanec:

SUBJECT: Well Application Reference to the Board & E.B.O. 159

In accordance with Section 13(1) of the Petroleum Resources Act, R.S.O. 1980, the enclosed application by Farmers Oil & Gas Inc. to drill the well designated as Farmers 7, Romney 2-14-III, is hereby referred to the Ontario Energy Board for a hearing.

The proposed well is located within a spacing unit, established by Ontario Regulation 55/89, which is subject to a compulsory pooling application by Consumers Gas currently before the Board (E.B.O. 159). Regulation 55/89 prohibits the drilling of more than one well per spacing unit, but there are now two competing working interests desiring to drill a well in the unit. Therefore, I request that the Board, as part of its decision in E.B.O. 159, designate an operator for the subject spacing unit and report back to the Minister of Natural Resources in order that a well permit may be issued to the appropriate operator.

Yours sincerely,

<signed> Vincent G. Kerrio Minister
