 OEB Staff Questions (Follow-Up)**

Questions #1:

Reference: Response to OEB Staff Question #6 c)

In the response, the applicant noted that Class A consumption should be included in the GS \geq 1,500 kW rate class. Please update cell C17:C24, D17:D24, F17:F24 in accordance with this revision in the table below. Please also submit a RRR revision request to the Board to revise the RRR data for 2016.

Response

See completed chart below, THI has also requested an update to the required RRR submissions and have received authorization to compete the RRR revision, however, currently the forms are not open to be updated. We will continue to monitor and update when we are authorized.
