Dear Sir or Madam;

Our church is located at the southeast corner of Island Road and Hwy 7 in Scugog Township. We have a 20,000 sq ft facility, and would look forward to connecting our building to the new Enbridge pipeline network in order to have a better source of heating fuel. Our current electrical heating system is quite expensive. For these reasons we endorse the approval of Enbridge's application to bring natural gas to the area.

Regards,

Roy Werner
