Dear Ms. Walli:

**Re: EB-2018-0102 – Ontario Power Generation Inc.'s ("OPG") Fair Hydro Plan 2017 General Fee Application – Confidential Treatment of Certain Information Included in Supporting Evidence**

In accordance with Rule 10 of the Ontario Energy Board's (the "OEB") Rules of Practice and Procedure and section 5.1 of the OEB's Practice Direction on Confidential Filings (the "Practice Direction"), OPG hereby requests confidential treatment for the banking details of the Independent Electricity System Operator ("IESO"). The non-confidential version of the Transfer Notice with the banking details redacted is included in Appendix B of the supporting evidence submitted as part of the EB-2018-0102 Application.

The confidential version of the Transfer Notice is included with the hard copy of this letter. OPG will provide each intervenor that signs a Declaration and Undertaking in the prescribed form and files or has filed it with the OEB a copy of the confidential materials. On a final determination, should the OEB grant OPG's request for confidentiality, OPG proposes that the OEB order the confidential information to be disclosed, subject to any conditions the OEB may find appropriate, to only those persons that by then have signed, or that subsequently sign, a Declaration and Undertaking in the prescribed form in this proceeding.

OPG is requesting confidential treatment of certain of the IESO's banking information for the protection of the IESO, and to mitigate any potential for misuse or fraudulent actions. In addition, the banking information is a type of financial information of a contractual counterparty that OPG consistently treats as confidential.

If you have any questions on this matter, please do not hesitate to contact me at (416)-592-5984.

Sincerely,

*[Original Signed By]*
