Dear Ms. Walli:

**RE: Hydro One Networks Inc. ("Hydro One")
Distribution Rate Application, 2018-2022
Status of Undertakings - Board File Number EB-2017-0049**

I am writing on behalf of Hydro One Networks Inc. with respect to the status of undertakings provided during the recent Technical Conference held into the above-referenced matter.

Hydro One has now completed responses to undertaking requested by Pacific Economics Group representatives (Exhibits JT1.2 - JT1.7) and the City of Hamilton (Exhibit JT1.1). These will be filed today and placed in the Board's web drawer for this proceeding.

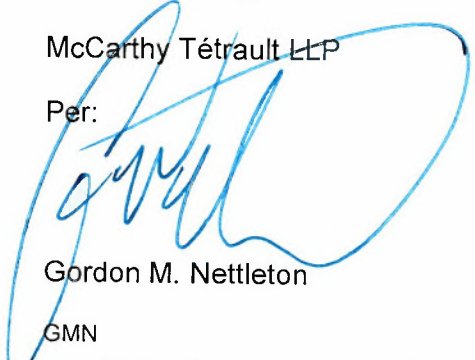

With respect to the remaining undertakings, Hydro One anticipates completing and filing all responses by April 2, 2018. This timing is required in light of the number of undertakings requested and the efforts also underway by Hydro One to file its next Transmission Rates Application.

Hydro One also observes that written questions for Panel 3 from the Canadian Consumers Coalition ("CCC") and Building Owners and Managers Association ("BOMA") have not yet been received. It will be recalled that Exhibits JT3.19 and JT3.25 were assigned for these purposes. Hydro One requests clarification as to whether questions are still intended to be received. If so, and they are received in a timely manner, Hydro One will attempt to provide responses in the timeframe noted above.

Yours very truly,

McCarthy Tétrault LLP
