Dear Mr. Rhéaume:

Enbridge Gas Distribution Inc. and Union Gas Limited Amalgamation and  
Rate –setting Applications**

The Ontario Energy Board (OEB) is in receipt of your letter dated March 19, 2018, wherein you have requested late intervention status in the above mentioned proceeding.

Énergir's request for intervenor status is granted. In granting the intervention request, the OEB requires Énergir to adhere to the case schedule outlined in the OEB's Decision and Procedural Order No. 3 dated March 1, 2018. The OEB also requires Énergir to accept the record as it currently stands. Énergir should carefully review the procedural matters outlined in Decision and Procedural Order No. 3. The OEB reminds Énergir that the date for filing interrogatories on the applicants' evidence has passed and Énergir will not be provided an extension to file interrogatories related to the applicants' evidence in this proceeding. The OEB confirms that Énergir does not intend to apply for an award of costs for its participation in this proceeding.

Yours truly,
