Re: Correction to Tariff Sheet EB-2017-0048

Dear Ms. Walli:

It has come to Hydro Hawkesbury ("HHI")'s attention that there was an error in the calculations of the *Residential Rate Rider for Disposition of Station Refund* in HHI's 2018 Tariff of Rates and Charges.

The fixed *Rate Rider for Disposition of Station Refund - effective until February 28, 2019*, was calculated on a yearly basis instead of on a monthly basis. The rate rider of \$21.60 should have been calculated as \$1.80/customer/month (\$21.60/12).

As a result of this error, the entirety of the residential \$104,455 refund was remitted to the residential customers in their March invoices. HHI therefore respectfully requests that the sunset date of the rate rider in question be changed to *Rate Rider for Disposition of Station Refund - effective until March 31, 2018*.

HHI notes that the issue only applies to the Residential Class as the other classes were calculated on a volumetric basis.

The original calculations in Excel, a revised Tariff or Rates and Charges and a revised Draft Rate Order have been filed along with this letter.
