Dear Mr. Madden:

Re: **Hearing of Motion on Hydro One Networks Inc.'s Lake Superior Link Project
OEB File Number - EB-2017-0364
Métis Nation of Ontario's Request to File Written Evidence and Make Oral
Submissions**

The Ontario Energy Board (OEB) is in receipt of a May 2, 2018 letter from the Métis Nation of Ontario (MNO) requesting leave to file written evidence and to make oral submissions in the motion that is scheduled for May 24 and 25, 2018. MNO intends to provide information about the MNO, its rights and interests in both the East-West Tie project area and the Lake Superior Link (LSL) project.

As set out in the Notice of Hearing of Motion dated April 6, 2018, the OEB confirms MNO's intervenor status in the motion, which includes the right to make oral submissions. In addition, the OEB finds that it can be assisted by MNO's written evidence and grants the MNO permission to file such evidence in accordance with the conditions and dates set out in Procedural Order No. 1. Specifically, MNO's intervenor evidence must be filed with the OEB and delivered to all other parties by **May 7, 2018**. Moreover, a representative of MNO must be available to attend the technical conference either in person or via teleconference scheduled for **May 16 and 17, 2018** to answer questions relating to MNO's evidence.

Yours truly,
