Dear Ms. Wilson:

**Re: A Combined Service Area Amendment & Asset Transfer Application –
Elimination of Long Term Load Transfer Arrangements
OEB File Number EB-2017-0356**

The Ontario Energy Board (OEB) received Niagara Peninsula Energy Inc. (NPEI) application for a Combined Service Area Amendment and Asset Transfer between NPEI and Hydro One Networks Inc. (Hydro One) on Nov 30, 2017.

On February 23, 2018, the OEB sent an acknowledgment letter to NPEI informing NPEI that their application EB-2017-0356 was incomplete and could not be processed as filed. Not having received the correct filing for the Long Term Load Transfer (LTLT) elimination as set out and explained in the OEB acknowledgment letter, NPEI's application EB-2017-0356 is now closed.

NPEI and Hydro One are reminded to comply with the Distribution System Code (DSC) amendments made by the OEB in EB-2015-0006 and to file a joint LTLT elimination application at the earliest possible date.

Yours truly,
