Dear Ms. Walli:

Re: EB-2017-0306/EB-2017-0307 – Enbridge Gas Distribution Inc. and Union Gas Limited – Corrections

On November 2, 2017 in EB-2017-0306 the Applicants, Enbridge Gas Distribution Inc. and Union Gas Limited filed an Application seeking approval to amalgamate pursuant to subsection 43(1) of the Ontario Energy Board Act, 1998 (“OEB Act”) and to defer rate rebasing from 2019 to 2029. On November 23, 2017 in EB-2017-0307 the Applicants filed an Application pursuant to subsection 36(1) of the OEB Act seeking approval of a rate-setting mechanism, and associated parameters, to apply during the proposed deferred rebasing period.

The last day of the oral hearing was held on May 28, 2018. During SEC’s cross examination, the Applicants’ witnesses were asked to accept a series of numbers subject to check. The witnesses have reviewed the transcript, checked the numbers and have the following corrections to make:

- Page 56 – The grossed up amount is \$12 million
- Page 62 – The incremental O&M is \$137.5 million
- Page 93 – The net book value of buildings/structures is approximately \$580 million
